## Work Experience

**Rondeau Yacht Club**

**Blenheim, ON**

RYC Windsurfing instructor

**July 2021 - August 2024**

- Taught and mentored students in windsurfing skills, enhancing their overall experience
- Collaborated with fellow instructors to develop and implement a comprehensive curriculum to meet students needs
- Assessed individual student abilities and generated in-depth skill reports for each student
- Effectively organized large groups of students and parents to perform activities

**Bayview**

**Blenheim, ON**

Cashier

**June 2020 - August 2024**

- Resolved customer complaints and issues effectively
- Maintained a clean and organized store environment
- Provided thorough training to new colleagues on store processes and operations
- Assumed key responsibilities for managing keys and serving as a senior staff member on the floor

## Personal Projects

**D2L Course Information Scraper**

**February 2024 - January 2025**

Developed a web application that scrapes D2L to gather course information using Python, HTML, CSS, and JS

- Simplifies navigation with an easy to use design
- Provides quick access to essential course information
- Maintains direct links back to the original D2L content

**AI Hack 2.0 Hackathon Project**

**March 2024 - March 2024**

Developed a Chrome extension to detect malicious files and links on websites utilizing Python, HTML, CSS, and JS

- Achieved 6th place out of 20 teams
- Honed my collaboration skills by working with teammates with intense time restraints
